

# NAS IMPACT STATEMENT

**FACILITY: ZJX JACKSONVILLE ARTCC**

1. **DESCRIPTION OF NAVAID/AIRPORT/CONSTRUCTION PROJECT:**

COM2X EAST COAST MILITARY EXERCISE

2. **SCHEDULED DATES/TIMES (Zulu and Local Times Requested):**

NOV26, 2013 THRU DEC18, 2013 VARIOUS TIMES SCHEDULED

During the following high volume days customers can expect activation of the following warning areas:

NOV 26: W132, W133,W134,W157,W158,W159,W161,W177 and all TAILHOOK AIRSPACE.

NOV 27 : W157,W158,W159, PALATKA MOA'S and associated ALTRVS, and all TAILHOOK AIRSPACE.

DEC 1: W157,W158,W159, PALATKA MOA'S and associated ALTRV'S.

ALL SCHEDULED ACTIVITY IS SUBJECT TO CHANGE.

3. **OPERATIONAL IMPACT:**

The following routes will be affected: AR6, AR15, to MCO, TPA and RSW complexes will be closed at various times due to active military airspace. Most east coast warning areas will be active without the expectation of release areas. The proximity of SUA's and MOA's utilized during this operation to OMN, during this high volume season have a direct impact on east coast traffic in and out of the MCO/DAB complexes as well as traffic transitioning into and out of ZMA airspace.

4. **DELAYS:**

Departure / En Route delays are expected particularly during high volume periods.

5. **TRAFFIC MANAGEMENT INITIATIVES (TMI's):**

Various reroutes, Capping / Tunneling and Playbooks may be utilized to mitigate airspace constraints, volume and complexity. Aircraft may encounter vectoring, speed control and fix balancing off-loads with greater frequency than normal. In addition mile-in-trail assistance will be required from ZMA, ZTL and ZDC first tiers. Ground stops, Airspace Flow Programs, expanded MIT, and airborne holding are additional tools that may be necessary during high volume periods.

6. **CUSTOMER COORDINATION:**

Customers have been briefed in person at EOSR, National Customer Forums, and systems impact report.

7. **GENERAL INFORMATION:**

A LARGE SCALE MILITARY EXERCISE IS SCHEDULED ALONG THE EAST COAST WHICH WILL INCLUDE ACTIVATION OF MOST EAST COAST WARNING AREAS AND SEVERAL MOA'S/SUA'S.
