Dear Senators Schumer, McConnell, Cantwell, and Cruz:

This is a critical and transformative time for the aviation industry. To keep pace, the FAA needs permanent leadership and clear direction.

In terms of leadership, President Biden has nominated Michael Whitaker to be the next FAA Administrator. We hope consideration of his nomination will be of the utmost priority for the Senate Committee on Commerce, Science, and Transportation and the U.S. Senate.

We also strongly urge that the Senate Committee on Commerce, Science, and Transportation and the U.S. Senate move forward as soon as possible on an FAA Reauthorization bill. We greatly appreciate your engagement with stakeholders to date.

A completed FAA Reauthorization bill and a confirmed Administrator in 2023 will contribute in a substantial fashion to strengthening the agency's efforts in advancing safety, efficiency, infrastructure, and innovation, supporting the FAA's workforce, and enhancing the jobs and global competitiveness of the U.S. aviation industry.

We stand ready to work with you on the nomination and reauthorization, and your counterparts in the House who have already passed a FAA Reauthorization bill, to achieve both these results. Thank you for your consideration.

Sincerely,
