

NBAA-BACE GREEN PLEDGE

Trade shows can generate an incredible amount of waste. From flyers and samples to packaging and build-and-burn booths, these unused materials pile up fast. In an effort to become a more sustainable show, we are inviting exhibitors to participate in the **NBAA-BACE Green Pledge**.

How can your organization participate?

It's easy! Below is a list of categories making up the Green Pledge. Within these categories are 35+ options from which you may choose to be more sustainable at 2021 NBAA-BACE. We simply ask you to **select five** and commit to them this year. Visit nbaa.org/greenpledge to see the full list.

How will you be recognized?

Your logo will be featured during the Day 1 Keynote, on the NBAA-BACE sustainability webpage, on on-site digital signage, and we will add a Green Pledge icon next to your company name on the online exhibit hall floor plan. Please send your logo in vector format (.ai or .eps) and URL to nbaa.org/greenpledge/form by the **September 1 deadline** to secure your participation.

Visit nbaa.org/greenpledge to view the full list.
